A sound itself

contribution to www.mexappeal.de (2003)

MEX - experimentelle und intermediale Musikprojekte, Künstlerhaus Dortmund

A sound itself, not indicating its production.

A sound, being longed for.

A sound once familiar.

A sound after it died away.

A sound, not expected, but welcomed.

A sound from far away (distance).

A sound from far away (geographical).

A sound from far away (in time).
